Hong Kong, September 14, 2011 - NetDimensions (London Stock Exchange AIM: NETD), a global provider of performance, knowledge and learning management systems is named among TrainingIndustry.com's Top 20 Learning Portal Companies for the second year in a row.

"NetDimensions believes that user experience is vital to the impact of learning & development programs as well as the successful delivery of compliance initiatives," noted Alex Poulos, Chief Marketing Officer of NetDimensions.

"This recognition reaffirms that NetDimensions' approach to learning portals through the Enterprise Knowledge Platform (EKP), our flagship Learning Management System (LMS), and the EKP Portal Tool Kit delivers the appropriate user experience to our customers in any environment."

EKP can be easily customized to display the branding and culture of the client's company or organization. Moreover, clients who prefer to use customized portals or corporate intranets to deliver EKP's functionality can use the EKP Portal Tool Kit to integrate course catalogs, display enrollment history, deliver training assets, and launch courses from those sites. For example, based on the flexibility of our EKP Portal Tool Kit, NetDimensions provides EKP WordPress plugins that enable clients to access LMS functionality in a WordPress site.

Recognition for Innovation in Learning Technologies
Selection of the Top 20 Learning Portal Companies was based on several criteria, including breadth of functionality and capabilities; industry visibility, innovation and impact; geographic reach; and commitment to the corporate training industry.

"We continue to be impressed by the rate of innovation in the learning technologies marketplace. Our Top 20 Learning Portal Companies are leading the charge on innovation by providing learning leaders with exciting new tools to drive organizational effectiveness." said Ken Taylor, Chief Operating Officer of Training Industry, Inc.
